GE Access

GE Access Point Digital KeySafe

Electronic time stamp records the last nine access events. The LCD display shows last 9 access times. Low profile, subtle design compliments a door frame. Change the code anytime for added security. Solid weather-resistant metal construction. Mounts easily, hardware included. This box is great for children, friends, neighbors, emergency access, contractors, rental managers, realtors and other service personnel.

GE Security AccessPoint KeySafe

The White GE Security AccessPoint KeySafe secures a single key so homeowners can safely store spare keys for themselves, children, relatives, friends, neighbors, emergency access, housekeepers, contractors, service professionals or anyone they wish to let into their homes and if necessary, it is quick and easy to change the combination pushbutton lock.
