# LCN CLOSERS

## LCN Benchmark®

### Low-Energy Power Operators

The 9131/9142 BENCHMARK® by LCN is an electrically powered low-energy operator. It provides easy access for people with disabilities, the elderly or the frail. Designed primarily for automatic opening applications that occasionally require manual opening. The BENCHMARK® is a cost-effective solution for retrofitting an activated or manual door.

- Push-N-Go permits non-switch activation
- Adjustable opening and closing speed, all within ANSI guidelines and ADA codes
  - Microprocessor control box ensures reliability
  - Tested internally to over three million cycles
    - Fast and easy installation
    - Operator is shipped with motor gearbox, control box, mounting plate, standard arm, metal cover, standard track, wood and machine screw pack.
  - Single door, surface mounted.
    - ADA/CDA compliant.
    - On/Off switch included as standard.
- Non-handed for either right or left swinging door.
