# PRIMUS XP

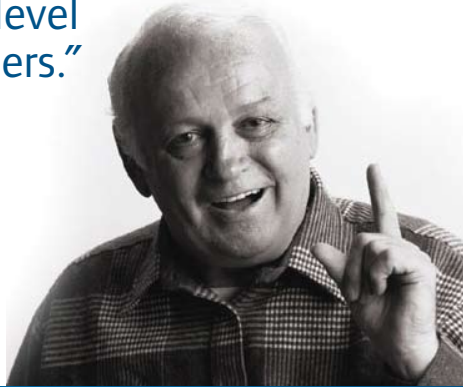

There's only one key that can set your business apart from the rest.

Only one key does it all.

"Primus XP gives me confidence that I'm offering the highest level of security to my customers."

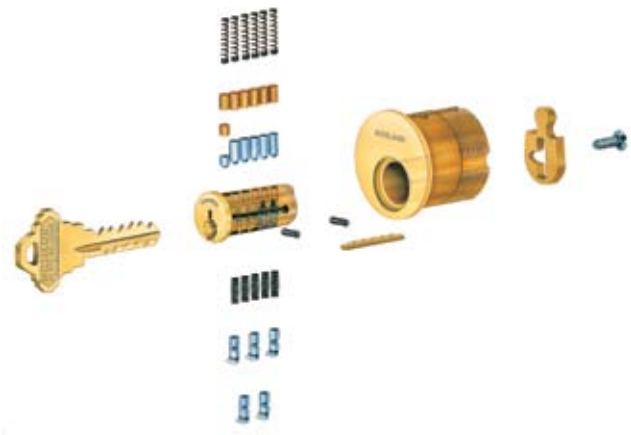

# PRIMUS

"Primus XP gives me and my customers patented exclusivity. That's the kind of competitive advantage that can build my business."

“With Schlage’s huge installed base, Primus XP makes it easy for me to upgrade my customers’ security at a price that’s reasonable for them.”

### **There’s only one program this exclusive.**

#### **Dealer Exclusivity**

As a Schlage Primus XP dealer you can purchase your own exclusive side bit millings by zip code or time zone that you can sell, service and install. Customers must purchase their keyways through your company.

#### **End User Exclusivity**

Larger, institutional end users can purchase their own exclusive side bit millings that you, as a Primus XP dealer, are authorized to service and support. In this case, your customer owns the exclusivity, which can be purchased by zip code or time zone.

### **Primus XP. The most versatile key system in the industry.**

Schlage has the largest commercial installed inventory in the industry with both Classic and Everest keyways. Primus XP allows your customers to upgrade security simply and cost effectively. This means you get more repeat business, as well as new business opportunities. Primus XP is also fully scalable to meet the varying security needs within individual facilities.

- Conventional and interchangeable cores
- Supports all sizes of key system, from small to large, with multi-level key hierarchy where needed
- Fits most non-Schlage locks, eliminating costly hardware changes

### **Support for every level of access control.**

The scalable design of the Primus XP key system means that the system can be integrated into a multi-level security system that includes Schlage mechanical, electro-mechanical and networked security solutions. Primus XP also works with Falcon mechanical locks.

Schlage key systems are available in a variety of system types.

- Open
- Restricted
- Restricted patented
- High security

### **The industry’s strongest support network.**

Schlage has an in-field team of Key System Consultants dedicated to helping locksmiths develop and implement effective key control products and systems. The Schlage factory service team includes 440 sales consultants at 23 offices across the country. No other manufacturer offers this kind of support. And with the nation’s largest network of wholesale distributors, the help and products you need to build your business and support your customers are easily within reach.

### **The best known name in the business.**

Schlage is one of the most recognized names in the security business, which makes your job easier when it comes to selling Primus XP. That’s because your customers know that they’re buying a product made by a company committed to high quality and high value security solutions.

We’ll also help you market your company as a Primus XP dealer and your affiliation with the Schlage brand name.

- Marketing brochures
- Product samples
- Displays
- Service manuals
- Templates
- Installation tools
- Key accessories and supplies
- Training

### **Patent protected security.**

Primus XP is patent protected until 2024, the longest patent in the market today. That means you’ll get the highest level of security for the longest period of time. Combine the duration of patent protection with the exclusivity of your side bit milling and Primus XP adds up to one of the most cost effective security solutions available.

**To find out how to purchase your exclusive Primus XP side bit milling contact your Schlage representative.**
