

Upgrade your existing Von Duprin 98/99 Devices to XP with the 98/99 Retrofit Kit

Upgrading your device has never been so easy and affordable. The XP 98/99 has been designed to match the installation footprint of the current 98/99 rim exit device, eliminating the need to purchase an entire new device. Conversion kits are compatible with all existing 98/99 exit device finish options and all UL/cUL listings are preserved.

UPGRADE TODAY!
